

Service Conditions

By signing this document or leaving your RV or Appliance for service at Edmonton RV Service, you hereby agree to the following terms:

REMOVAL OF ITEMS: The customer is responsible for the removal of all items that may interfere with the completion of the desired work. Edmonton RV Service reserves the right to charge additional costs if items need to be removed or relocated due to interference.

REPAIR TIMELINES ARE NOT GUARANTEED: Edmonton RV Service will make every effort to ensure that work is completed in a timely manner, but we are **unable to guarantee an exact completion date.**

LABOUR WARRANTY: Edmonton RV Service provides a limited warranty on all requested labor services, for a period of six months from date of unit pickup. Roof and sidewall fixture installations include, but are not limited to, roof vents, plumbing vents, solarpanels, skylights, tail and marker lights, porch lights, baggage and entrance doors, awnings, awning hardware/brackets, handles, and power inlets. These items are not warranted due to the inability to guarantee the condition of the existing structure. Warranty is limited to the work completed. Edmonton RV Service will not reimburse the customer for corrective work done by other shops, travel costs, inconvenience, loss of work, loss of time, or loss of holidays resulting from work performed incorrectly. Warranty is contingent on an inspection by Edmonton RV Service to ensure a valid warranty concern exists.

NO WARRANTY ON RE-SEALS: Edmonton RV makes no warranties or guarantees on weatherproofing, roof and sidewall fixture installations and re-seals, roof and sidewall molding installations and re-seals, window and door installations and re-seals, and slide out re-seals. **The customer also acknowledges it is their responsibility to ensure that the condition of the seals, roof, and sidewall fixtures are inspected every three months.**

NO WARRANTY ON SLIDE OUTS. In some cases, parts warranty may be provided by the manufacturer for a limited period, if applicable. Please inquire regarding a specific product's manufacturer warranty prior to purchase or repair. Neglect, physical damage, and prior failed repair attempts by the customer or another service center may void your manufacturer warranty.

In some cases, warranty may be provided by the manufacturer for a limited period, if applicable. Please inquire regarding a specific product's manufacturer warranty prior to purchase or repair. Neglect, physical damage, and prior failed repair attempts by the customer or another service center may void your manufacturer warranty. Parts supplied by the customer and labor services associated with these parts are not warranted.

When a manufacturer warranty is approved for a defective or faulty product, but the allotted labor time from the manufacturer is insufficient to cover the actual time spent repairing the defective or faulty product, **the customer will be responsible for the difference between the final billed amount and the amount covered by manufacturer warranty.**
